

Increase your Profile at ComBio2020

ComBio2020 incorporates the annual meetings of:

Australian Society for Biochemistry and Molecular Biology
Australian Society of Plant Scientists
Australia and New Zealand Society for Cell and Developmental Biology
Genetics Society of AustralAsia
New Zealand Society for Biochemistry and Molecular Biology

You need to be a Sustaining/Corporate Member to exhibit, sponsor or advertise at ComBio events.

Sustaining Membership is very reasonably priced and offers many other marketing opportunities.

POSTER TEASER SESSIONS SPONSORSHIP

\$4,000+GST

Poster Teaser sessions will be held on the Thursday and Friday (1st and 2nd October) at the extended morning tea break of the conference prior to the poster presentations later in the afternoon. These sessions will be held in a specially constructed meeting room built within the exhibition hall which has acrylic panels on the upper section (so you can see the audience). The meeting room will hold approximately 80 people.

Poster Teaser talks will comprise of a number of selected oral presentations by students for around 2 minutes duration each and sessions will run for approximately 30 minutes.

Benefits include:

- Chair to acknowledge and thank sponsor at the start of the sessions.
- All fascias of meeting room to have "Poster Teasers Sponsored by "company name and logo"."
- Sponsor's promotional literature (i.e. free standing posters) to be displayed in meeting room.
- Sponsor credit in program and App.
- One complimentary full registration.

A6 MINI PROGRAM ADVERTISEMENT OPPORTUNITY

\$2,000+GST

There is space for a one page advertisement in the "mini program". The mini program is an A6 document that consists of 8/10 panels each side (folded into A6). This is the only hard copy of any program information that is distributed at the conference and fits into the back of the registrants' name badge attached to their lanyard. It is a vital document for all registrants because it contains all session and meeting room details.
